

*Hello children, how was your weekend?*

*My weekend was fantastic!!!! Zeus invited me to see more games at the stadium. I sat next to him on a high stand. I could see all the games and the athletes from there.*

*He also told me things about the gods and goddesses. Did you know that a GODDESS is a woman GOD? Each god and goddess represented something. People worshiped them; they used the gods to explain things in nature.*

*Each god was responsible for protecting a specific part of life. Have you heard the names APHRODITE, POSEIDUM and ZEUS?*

*We know them as characters of Greek mythology but to ancient Greeks they were part of the family of gods that they worshipped.*

*I have more information for you. Kisses from FELIX*
