Dear Jim,

I've some exciting news. Last month I finally found the house I wanted. It's a houseboat! It's quite large and very comfortable. It's got a big sitting-room and a "garden". You go into the sitting-room and on the left there's the kitchen. Then, on the right, there's the bedroom and a small bathroom. You can see the garden through the bedroom window!

Why don't you and Granny come and see it this Saturday? I've invited all the family. You could phone me at work on Monday.

All the best,

Mark
