

BANANA BREAD!

1. Can you remember all the steps? Put them in the correct order.

- ___ After that, add the baking soda, salt, and flour last and stir.
- ___ First, mix the butter/oil and bananas.
- ___ Bake it on low for about an hour and 15 minutes sometimes an hour and 30 minutes, but every oven is different.
- ___ Add walnuts or anything else you wish.
- ___ Pour into a cake pan and put it in the oven.
- ___ Then add the sugar, egg and vanilla and stir.

2. Maths?

These are the ingredients for one banana bread (amounts in grams are approximate):

4 bananas
1/3 cup oil or butter (soft or melted) = 75gr
1 cup sugar = 200gr
1 egg
1 teaspoon vanilla = 7gr
1 teaspoon baking soda = 6gr
1.5 cups flour = 180 gr

Make the correct calculations in your folder to complete the chart:

	One Banana Bread	Two BB	Three BB	Four BB	Five BB
Bananas	4 units				
Butter/oil	75gr				
Sugar	200gr				
Eggs	1 unit				
Vanilla extract	7 gr				
Baking soda	6gr				
Flour	180gr				

3. How many stars do you give this recipe? Justify your answer.
