Woke Up on the Wrong Side of the Moat this Morning

The castle's drawbridge is broken, and the moat is filled with dangerous animals to protect the castle. However, Felix needs to get across the water to return the minstrel's lute so the minstrel can sing for the king.

A minstrel is a medieval musician, and a lute is a medieval instrument that looks like a guitar, only rounder. The word **medieval** is used to describe anything that is from the Middle Ages.

Look at Felix's surroundings. Circle the objects in the picture that Felix can use to get across the moat.

What four ways do you see for Felix to cross the moat? Write them here.
